new business

In today's global market of over 5 billion people, selling goods and services to the world opens up huge opportunities for Australia.

One in every five Australian jobs depends on exports of our goods and services. By expanding our markets, we create more long-term jobs and improve living standards for Australians.

opportunities

Developing new markets

Moving into carefully chosen overseas markets has the potential to generate substantial bottom line growth for Australian companies in almost every industry sector.

Austrade can work with you to make the right connections.

Export markets widen your client base and increase revenues

Taking advantage of overseas opportunities provides the potential for the kind of growth that you want to achieve.

So if you've been thinking about expanding into overseas markets but it's all been too hard, it may be time to take another look.

And if you've never considered the option of developing your business by expanding overseas, maybe it's time to call Austrade.

Importance of relationships

Developing positive business relationships is fundamental in achieving success overseas.

Austrade can help you win lasting business in the Pacific Markets by securing such relationships.
